DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 84 and 85 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- a. These claims 84 and 85 depend upon canceled claims so it is not clear what is being claimed.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 45- 85 are rejected under 35 U.S.C. 102(e) as being anticipated by Padlo et al (7235250) and/or Pablo et al (2004/007660A1).

Padlo et al discloses a cleaning device having a fabric, wipe, or sponge (par.29, 36,), one enzyme (par.68), a surfactant (par.61), a humectant (par.59), In regard to claim 56 and 59 see par.61, in regard to claim 63 see par.65, and in
